

SCHEDULE A2 Online Greek Course 23 Au – 1 Oct 2021

Learning Greek online is a great experience!

The A2 OGC lasts 6 weeks. You will work on your own on two units per week. After each unit you will have an online session with your tutor and fellow students (web conference).

The first three days are Taster Days. You will have the time to get familiar with the course online environment, to work on a taster lesson and have a trial online session with your tutor and fellow students.

The online sessions take place on Mondays & Thursdays.

Which are my obligations for my participation?

1. Every unit (which is separated in two parts, e.g. 1a-Context & 1b-Language) requires four hours of self-study. It is obligatory to work on each Unit and acquire a score for it.
2. The interactive online session lasts 45'. In small groups, you and your fellow students will have the opportunity to speak Greek and ask questions regarding the unit you have already worked on.
3. The participation in the interactive sessions is obligatory. **A maximum of two (2) absences may be permitted.**
4. There is a progress test after the first four (4) units and a final test after the completion of the course. It is obligatory to take part in both tests.
5. You get three (3) ECTS, if you work on all units, attend the online sessions and pass the progress and final test.

We are looking forward to working with you!
